## Summary

During High School I was quite active on participating in events. I was part of the main staffs for AMASON (Al-Hikmah Math, Science and Social Competition) which was held in 2015 and part of documentation division for HiFest (Hikmah Festival) in 2016. Our high school held several charity events for orphans and Idul Adha as well and luckily I got to deliver my job in those.

I was also part of school choir team for three years and fortunately got the experience to perform for national events and being part of PUSAKA (Paduan Suara Kolosal). In 2015 I got to perform for Heroes' Day in Tugu Pahlawan Surabaya which was attended by our President, Mr. Joko Widodo. The second event I participated was Indonesia's 71st Independence Day (HUT RI ke-71) at Gedung Negara Grahadi, Surabaya in 2016 which was attended by Padhe Karwo as Governor and his Vice Governor of East Java.

I am creative in making or designing stuffs. I was chosen to be the proofreader for a magazine project during 1st semester of college and in 2nd semester I worked as an editor for another magazine project for final test.

## Experience
